## MANAGER, FINANCE & OFFICE ADMINISTRATION

The College of Optometrists of Ontario is seeking an energetic, hands-on team player to manage the financial affairs of the College and office administration operations. As the **Manager, Finance and Office Administration**, you will have responsibility and accountability for managing the financial affairs of the College including the accounting function (AP, AR, general ledger, journal entries, reconciliations, bank deposits, petty cash); financial reporting; financial procedures, processes, systems; government submissions; annual audit; and acts as key contact for accounting inquiries. You will also provide staff support to the Audit Finance and Risk Committee for any audit and finance functions.

Reporting to the Registrar, you will provide support regarding the administration budget; acting as resource to Executive/Council members, College Committees and staff; and providing expertise and input on financial matters as requested. You will also be an important contributing member to the College management, including team effectiveness and achieving strategic goals particularly relevant to the assigned areas of responsibility.

Additionally, you will also manage the office administration operations, including records management, procurement of office and kitchen supplies and equipment, HR administration and responding to inquiries from public members and employees.

### Desirable Qualifications:

- College Diploma or Undergraduate Degree in Finance, Accounting or Business Administration, and actively pursuing a recognized accounting designation (CPA) is an asset.
- Proven experience (i.e. 5 years) in finance including hands-on responsibility for an accounting function (AP, AR, general ledger, reconciliations); and relevant office administration experience including responsibility for office systems, confidential records/files and procurement of supplies and equipment.
- Experience in a not-for-profit and health-related professional and/or regulatory work environment is an asset.
- Demonstrated advanced working knowledge with computerized accounting systems, database systems, QuickBooks and MS Office including Excel, Word, Outlook and mail merge.
- Excellent organizational skills with ability to manage varied tasks simultaneously.
- Analytical, detail and deadline oriented with strong problem-solving and resolution abilities.
- Excellent verbal and written communication skills. Strong interpersonal skills, and ability to work independently as well as collaboratively in a small professional work environment.
- Ability to gather, analyze and interpret financial data to make strategic business recommendations.
