Diversity, Inclusion and Belonging are important values of the organization, where each employee is respected and valued for their differences. Every employee brings unique skills, background and experiences to Supply Ontario, regardless of race, national or ethnic origin, colour, religion, age, sex, sexual orientation, gender identity or ability. These diverse and different perspectives enrich our organization and our working life.

La diversité, l'inclusion et l'appartenance constituent des valeurs importantes de l'organisme, où tous nos employés sont respectés et estimés pour leurs différences. Chaque employé apporte des compétences, des antécédents et des expériences uniques à ApprovisiOntario, sans égard à sa race, à son origine nationale ou ethnique, à sa couleur, à sa religion, à son âge, à son sexe, à son orientation sexuelle, à son identité de genre ou à sa capacité. Ces points de vue diversifiés et différents enrichissent notre organisme et notre vie professionnelle.

PROJECT MANAGER

Supply Ontario is seeking an experienced Project Manager to support its operational goal of fostering collaboration across the province and becoming a catalyst for industry partnerships and integrated service delivery. Working closely with the Benefits Realization Program team, you will provide project management support that will advance the implementation of strategic initiatives, optimization, and process improvements across the supply chain ecosystem.

In this role, your key responsibilities will include:

- Leading all phases of projects including establishing priorities, resource requirements, and schedules; budgets, monitoring and reporting on progress, managing issues, and ensuring compliance with project management standards, SO policies, and best practices.
- Coordinating projects across the procurement and sourcing functions to develop a strong cross functional network and facilitate alignment with key internal and external stakeholders to successfully achieve program deliverables, on time. Identifying and managing project interdependencies.
- Developing performance measures to ensure that the project is successful and completed on time and within budget.
- Developing risk management/mitigation strategies with clear escalations procedures to mitigate disruption to supply chain operations. Monitoring risk throughout the project lifecycle, and recommending revised mitigation plans as required in response to changing risk levels; ensures effective implementation of solutions.
- Tracking, monitoring, and reporting project progress, adjusting schedules and targets of the project, as needed.

Successful candidates will demonstrate the following:

- Degree in Business Management, Supply Chain, or related degree and relevant experience.
- Proven experience managing large and complex projects with multiple stakeholders.

- Experience in a supply chain environment in planning, procurement, or sourcing is an asset.
- PMP designation from the Project Management Institute (PMI) is an asset.
- In-depth knowledge of project management principles, methodologies, techniques, tools and best practices.
- Excellent stakeholder management and influencing skills, capable of balancing multiple perspectives, effective at all levels up to senior executive.
- Strong analytical skills combined with practical business and financial acumen; creative-thinking and problem-solving skills along with time-management, prioritizing, planning and self-direction skills.

Supply Ontario offers a competitive compensation package including benefits and defined benefit pension plan.
